

Press Release

2015 TELSTRA
BUSINESS AWARDS
NOMINEE

2015 Telstra Business Awards! Marketing, Market Research.

It's a big day for Marketingheads as we have again been nominated anonymously for the **2015 Telstra Business Awards!**

It's good to know that we are considered one of the best marketing, market research and strategist businesses and regarded so highly, it's a proud moment for Marketingheads and says a lot about our business and the results we achieve for clients. We consider this reward enough. As we have always said.... it's not about Marketingheads, it's about what game changing strategies we can identify through our qualitative research insights and recommendations for our clients to succeed that really counts.

We just wanted to say thanks to the person or persons who nominated us..... Thank you! , and we look forward to your continued support.
