

Social & Community Engagement - Critical Business Success Factor!

CEO Arthritis & Osteoporosis NSW Sandra Vincent & Marketingheads John Wakeling

Social and community engagement can be a critical success factor for business, with this in mind **Arthritis and Osteoporosis NSW** were hosts to members and guests of the **Ryde Business Forum**.

CEO, Sandra Vincent, presented how business can connect with **Arthritis and Osteoporosis NSW** through their children's camps, **Twinkle Toes and Camp Footloose**, through sponsorship of a child. One in every 750 children in NSW is diagnosed with arthritis and so there is a pressing need for children to be able to express themselves in a safe non-judgemental camp environment with others that have Juvenile Arthritis.

Sandra Said: "Camp Footloose gives us an opportunity to raise awareness that arthritis can affect people at any age". This link includes news items and the highlights of Camp Footloose.
